**1. PLEDGE OF ALLEGIANCE**

The meeting was called to order at 7:01 p.m. and was followed by the Pledge of Allegiance.

**2. ROLL CALL**

Present at the meeting were Mayor Paul, Vice-Mayor Hattan and Councilmembers Caletka, Luis and Starkey. Also present were Town Administrator Lemack, Town Attorney Rayson and Town Clerk Muniz recording the meeting.

Mayor Paul requested a moment of silence in memory of Andrew Balough, who had worked in the Town's Utility Department for 30 years and had passed away recently.

**3. OPEN PUBLIC MEETING**

John Pisula, Chairman of the Town's Youth, Education and Safety Advisory Board (YESAB), congratulated the Town for having been honored by Florida Atlantic University as their community partner.

Mr. Pisula said the YESAB Board had given over \$3,000 to Davie teachers in scholarship and grant funds in the past three years. Mr. Pisula announced that on May 16<sup>th</sup>, Robert Spencer Knox would be the featured speaker at the community room during the YESAB regular meeting. He stated topics would include bullying and other school safety issues.

Peter Dunne said the Town had experienced problems with the vendor for the press box at Bamford Park. Mark Bauer, a resident, had spent some funds of his own to help secure pre-fabricated press boxes for the site. The boxes had been in Town since December but nothing had been done with them. Mr. Dunne said the former vendor had still not been removed from the project and Mr. Bauer had not been reimbursed. Mayor Paul said Mr. Lemack had been asked to deal with this.

Matt Kensey from Coral Springs invited everyone to attend the Memorial Day Parade on May 30<sup>th</sup> and the service at the Bergeron Rodeo Stadium.

Mark Sierens remarked on the high-speed traffic during the evening rush hour on NW 70<sup>th</sup> Avenue and asked that an officer be stationed here.

Mr. Sierens wanted the Town to adopt a Green lifestyle, and suggested educating residents about incorporating home gardens and about proper waste management, including recycling and composting. He mentioned additional steps residents could take to utilize more Green energy. Mr. Sierens suggested the Town host a Green Lifestyle expo. Mayor Paul announced the Town had hosted its first Green Expo and planned to host another. She advised Mr. Sierens to speak with Special Projects Director Bonnie Stafiej and to attend the Green Energy Environmental Committee meetings. Councilmember Starkey said staff had also been developing a sustainability action plan.

Mayor Paul presented a plaque to Chief Montopoli thanking him for taking on the leadership role in the absence of a Town Administrator.

Mayor Paul announced the Town had won its 20<sup>th</sup> annual Tree City USA award. She said Tim Lee had presented the award to her at the Arbor Day celebration the previous weekend.

Mayor Paul said the following items needed to be tabled to May 18<sup>th</sup> 4.5, 4.6, 4.7 and 4.14.

In a roll call vote, the vote was as follows: Mayor Paul - yes; Vice-Mayor Hattan - yes; Councilmember Caletka - yes; Councilmember Luis - yes; Councilmember Starkey - yes. (Motion carried 5-0).**

Mr. Rayson read the ordinance by title.

Mayor Paul opened the public hearing portion of the meeting. As no one spoke, Mayor Paul closed the public hearing portion of the meeting.

Vice-Mayor Hattan asked if interns would be hired to perform counting. Economic Development Manager Peter Tokar reported that they would utilize Nova Southeastern University graduate interns.

Councilmember Starkey said she was concerned about the implementation of the roads. Mayor Paul indicated she would work very closely with the CRA on the road design.

Budget and Finance Director Bill Ackerman explained that at present, Council was amending the dollar amount, but in the future there would be a CIP amendment forwarded to them.

Councilmember Caletka was concerned that the phase two and phase three east side infrastructure improvements involved sewer lines, and 90% of the problems they had experienced on one of the pilot streets were due to the sewer lines. He had spoken with the CRA Director, who informed him it would be up to the Town to decide if they wanted additional sewer lines. Councilmember Caletka advised against this, because once sewer lines were installed, the County forced all residents to abandon their septic tanks, which could be very costly. Councilmember Caletka added that \$1 million could be saved if they did not perform the sewer work.

Councilmember Starkey remarked that saltwater intrusion would be a problem in the future and would affect their drinking water. She thought it would be wise to convert to sewers and they could work with residents to apply for grants to pay for the conversion. Councilmember Caletka pointed out that very few people were eligible for the grants, and once converted; the resident must pay for sewer service.

Mayor Paul suggested approving this item, pending the inclusion of options for the next two phases based on meetings with the residents. Councilmember Caletka agreed to this.

Vice-Mayor Hattan made a motion, seconded by Councilmember Luis to approve, with the amendment that phases two and three would include options based on meetings with residents far in advance of any plan, plus, if this came up with the CIP, they would hash it out there and work on the specifics of the options at that time. In a roll call vote,

the vote was as follows: Mayor Paul - yes; Vice-Mayor Hattan - yes; Councilmember Caletka - yes; Councilmember Luis - yes; Councilmember Starkey - yes. (Motion carried 5-0)

## **8. OLD BUSINESS**

### **8.1 Discussion of Possible Changes to the Affordable Housing Incentive Program (inclusionary housing).**

Planning and Zoning Manager David Quigley said he and Housing Director Giovanni Moss had looked at the issues. They agreed that the housing market had changed and they would support suspension of this program.

Mayor Paul said they all agreed there was “a great deal of affordable housing now in Davie and we don’t need to force this on anyone at this particular time.” Mr. Quigley said Council could decide how long to suspend the program. Councilmember Starkey said she had considered suspending the program for one year and then having staff review it and make recommendations. Councilmember Caletka said he had spoken with an attorney friend about this, and he had indicated that the portion of the ordinance that stated the inclusionary housing must go to Town residents would be in violation of the Fair Housing Act and asked Mr. Rayson to examine this. Mr. Rayson said qualified Davie residents received preference. He added that typically, Town ordinances had a severability clause, so if any portion of the ordinance was deemed illegal, this would not affect the rest of the ordinance.

Councilmember Luis made a motion, seconded by Vice-Mayor Hattan to direct staff to prepare an ordinance suspending the program for two years.

Mr. Quigley stated the draft would include language that would protect any projects that were in the pipeline if/when the ordinance was reactivated.

Mr. Moss clarified that the Town had an affordable housing incentive plan separate from this ordinance. Therefore, this would not impede offering developers incentives for development later on.

Ms. Pat Montebano, realtor, said she favored deferring the ordinance for two years. She said it could help the Town to attract new development.

In a voice vote, all voted in favor. (Motion carried 5-0)
